To whom it may concern:

My name is Alfred Mansour. Two years ago, my wife and I built our vacation home in Watercolor Resort, Santa Rosa Beach, Florida. Mike McKelvie was our project manager for Monte Hewitt Homes. Mike built a beautiful, functional custom home for us that is high quality in every aspect. He was very responsive to our needs and concerns throughout the year-long process. He worked with us every step of the way to produce a home our family is very proud of and will enjoy for many years to come.

In addition to the way the project was managed, Mike is a very nice and honest person. Since our home has been completed, he has formed his own business and has begun to build custom homes. Despite his busy schedule he has made time to accommodate us when we needed any additional work on the house. We are on the rental program and from time-to-time, minor repairs have been needed and he has been of big help in either facilitating the job or in some cases, handling the problem himself. I consider Mike a friend and an excellent person. I can whole heartedly recommend him to anyone contemplating building a custom home.

Sincerely,

Alfred A. Mansour
